## PURPOSE

To define the parameters of Temporary registration, and the Registration Committee’s discretion in this regard.

## SCOPE

All applicants seeking Temporary registration with the College of Speech and Hearing Health Professionals of British Columbia (the “College”).

## BACKGROUND

All applicants must meet the conditions and requirements for Temporary registration under the College’s Bylaw section 67.

## POLICY

As a part of the College, the Registration Committee has a statutory duty to serve and protect the public, and to exercise its powers and discharge its responsibilities in the public interest under section 16(1) of the *Health Professions Act* (the “HPA”).

The purpose of temporary registration is to allow professionals registered or licensed in other jurisdictions to engage in temporary and limited practice in BC specifically related to the education or training of others. **Temporary registration is not granted to applicants who intend to engage in general practice or intend to educate or train others in the profession for periods greater than 90 days.**

The Registration Committee is responsible for reviewing applications for and, where appropriate, granting Temporary registration, including renewal of Temporary registration, under Bylaw section 67. Its powers and duties include:

- deciding if an applicant meets the conditions and requirements for Temporary registration;
- whether to grant Temporary registration, and for what period, up to 90 days<sup>1</sup>;
- defining which activity/activities the Temporary registrant may demonstrate for educational or training purposes; and

<sup>1</sup> The Registration Committee will grant Temporary registration for only such duration as is reasonably required in the specific circumstances, up to a maximum of 90 days.

- determining renewal of Temporary registration<sup>2</sup>.

---

<sup>2</sup> Renewal of Temporary registration may be made by the Registration Committee for an additional period of up to 90 days prior to the expiry of the initial Temporary registration period. The Registration Committee may consider factors that include the reasons for renewing registration including any new purposes for temporary registration, and compliance with the parameters of the initial Temporary registration.
