Your Score Recipients

Your *Praxis*® test scores will be sent to the recipients listed below.

- If you wish to send your scores to additional recipients, click "Add a Score Recipient".
- You can send your scores to up to four authorized score recipients (for each paper-delivered test date or each computer-delivered test) at no additional cost. Additions or changes to your free recipients must be made online at least three days before your test date, not including the day of your test.
- Before the test, or up to 10 years after the test you can order additional score reports for a fee of \$50 each.
- Your score report will include your current score and highest score earned on each test taken over the last 10 years. Scores for a specific test will be sent to a recipient only if that recipient is eligible to receive those scores.
- If you see an Automatic Score Recipient listed below, it is because you are testing in a state that requires scores to be automatically sent to the department of education.
- If you take a *Praxis* test at home and the address you provided during registration is in one of the states that is an automatic reporting state your scores will be sent to that state agency.
- For states/territories, where there is no automatic reporting you must select the state agency you are seeking licensure.

Your Score Report Copy

Score reports are available via your online account. You will receive an email when your score report has been posted. See <https://www.ets.org/praxis/scores/get/> for the score reporting schedule.

Your scores will be accessible through your account for 10 calendar years from the score reporting date.

We recommend you download or print your report for your records.
