

FREQUENTLY ASKED QUESTIONS | *Registration & Certification Renewal* 2025/2026

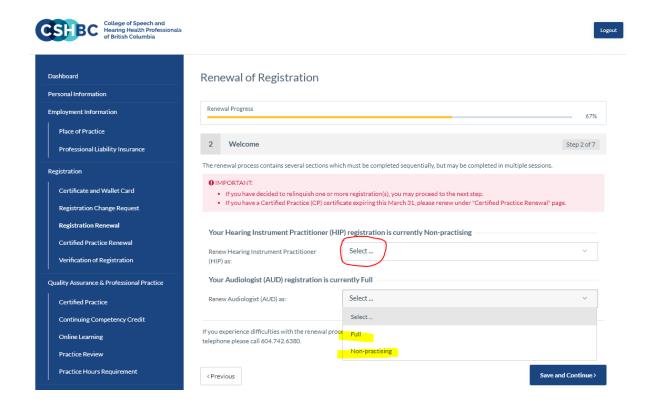

Q1: I currently hold more than one registration with the College but do not want to renew all registrations for 2025/2026. What are my options?

You have the option to not renew any of your current registrations during the renewal process in the <u>Registrant Portal</u>. Any registrations not renewed will be cancelled as of April 1, 2025.

Choose the classification for the registration you wish to renew from the drop-down menu, and do not select any classification for the registration you do not wish to renew. After carefully selecting your renewal options, save and continue to the next step.

<u>IMPORTANT</u>: Your access to registration renewal in the Registrant Portal closes at the time of payment. At that point, if any additional registration renewals are required prior to March 31, 2025, you will need to contact the College. Therefore, if you hold multiple registrations with CHCPBC, and wish to renew more than one registration, please ensure you renew all registrations prior to making the renewal payment.

Q2: I am renewing my registration and/or certification online, but I am having problems logging in.

Make sure you are at the <u>CHCPBC website</u>, and then click "Registrant Portal" at the top of the page.

If you have activated your registrant account, enter your e-mail and password on the Registrant Portal Sign In page, then click "**Sign In**".

E-mail – the primary email address that you used to activate your account.

Password – if you've forgotten your password, click "Forgot Password".

and a new temporary password will be sent to your email address (please check your junk/spam folder if you don't receive it in your inbox). If you have not activated your registrant account, click **"Activate now"** on the Registrant Portal Sign In page to activate your account, then repeat the above step.

	Registrant Portal
College of HEALTH AND CARE	Lemail
PROFESSIONALS OF BC	Sign In> Forgot Password
	Are you a new registrant? <u>Activate now</u> .

Q3: Where do I renew my registration and certification?

When you have logged into the Registrant Portal, you can navigate from the Dashboard to the **Registration Renewal** page and **Certified Practice Renewal** page of the portal via the left-side menu, as follows:

If you cannot see the Registration Renewal page, this will be because you are not a current registrant, or you are blocked from renewing your registration. The most common reason for this is if you are a new

registrant who has not yet completed the mandatory Jurisprudence and/or Client Consent courses. Therefore, if you are a new registrant and cannot see the Registration Renewal page, please ensure you have completed the mandatory courses before contacting the College. For information about completing the courses, see the <u>Online Learning Courses page</u>.

On the Registrant Portal Dashboard, you will see the status and expiry date of each of your Certified Practice (CP) certificates. When you click into the Certified Practice Renewal page, you will see the same list of your CP certificates, along with an option to renew any CP certificate currently eligible for renewal. If you have not reported 4 Continuing Competency Credits (CCCs) and/or 7 practice hours for your expiring CP certificate, you will not have the option to renew it. A red box will appear and inform you of this, as follows:

Q4: I am going to be on parental leave / medical leave / away for an extended period – what are my registration renewal options?

If you will not be practising during the **2025/2026 registration year**, but wish to remain a CHCPBC registrant, you have the option to renew in the Non-practising registration category, with a renewal fee of \$280.

However, if you wish to return to practice within the 2025/2026 registration year, you will need to apply to change your registration status back to Full registration and pay pro-rated Full registration fees for the remainder of the year. Change of status applications entail a number of steps, which may include providing additional information and documentation (such as a verification of registration from another regulatory body, proof of your entitlement to work in Canada, proof of your professional liability insurance, and/or proof that you meet (<u>CHCPBC Quality Assurance requirements</u>). Therefore, if there is

a strong possibility that you will practise prior to March 31, 2026, then you may wish to consider renewing as Full **before March 31, 2025**.

Please note that Full, Conditional, and Non-practising registrants must obtain <u>Continuing Competency</u> <u>Credits (CCCs)</u>. In addition, to convert back to Full registration status, Non-practising registrants must demonstrate that they meet the <u>Practice Hours requirement</u>.

Q5: I am currently a Non-practising registrant, but intend to practise in the 2025/2026 registration year – can I change my status at registration renewal?

Yes. If you wish to practise after March 31, 2025, do not submit a Registration Change request. Rather, in your registration renewal application you can choose to renew as a Full registrant in the drop-down menu. All renewals from Non-practising registrants applying for Full registration are reviewed by CHCPBC staff, and additional information and documents may be required (such as a verification of registration from another regulatory body, proof of your entitlement to work in Canada, proof of your professional liability insurance, and proof that you meet (<u>CHCPBC Quality Assurance requirements</u>). As such, if you are planning on changing your status at registration renewal, we strongly recommend that you submit your renewal application by no later than **March 7, 2025**, to allow time for your application to be processed.

<u>IMPORTANT</u>: Submitting your renewal application does not mean that your change of status will be granted automatically. You must wait for written confirmation from the College that your application has been approved. Once approved, your Full registration status will be valid from April 1, 2025, or the date your renewal application is approved (whichever is later).

If you are currently a Non-practising registrant and intend to practise before March 31, 2025, refer to <u>Changing Registration Classification.</u>

Q6: What happens if I miss the March 31, 2025, registration renewal deadline?

If you fail to renew prior to midnight, March 31, 2025, and you still intend to practise, you must apply for reinstatement. Applications for reinstatement are accepted between April 1, 2025, and April 30, 2025.

<u>IMPORTANT</u>: Even if you have applied for reinstatement, you are a former registrant until you have been notified by the College that your reinstatement application has been approved. You cannot practice until your reinstatement application has been approved by the College (see "Failure to Renew, Unlawful Practice, & Unlawful Use of a Reserved Title" below). Applications for reinstatement received after April 30, 2025, will not be accepted. Reinstatement applicants must pay a reinstatement fee of \$565 per registration reinstatement, in addition to regular renewal fees.

Cancellation of registration & former registrants

If you did not renew or reinstate before the deadlines, you are considered a **"Former registrant"**. If you wish to return to practise, you will be required to apply under schedule 8 of the College Bylaws. You will need to meet all <u>current registration requirements</u> before your application will be approved and you can resume practice. This may pose issues for former registrants who first registered with the College under previous, less stringent registration requirements (for example, if you have not passed an <u>approved</u> <u>entry-to-practice exam</u>, you may need to do so before you can regain Full registration).

Failure to renew, unlawful practice, & unlawful use of a reserved title

Practicing or using any of the reserved titles set out under the <u>Speech and Hearing Health Professionals</u> <u>Regulation</u>, BC Reg 3300/300, without renewing your registration will be unlawful practice and/or unlawful use of a reserved title.

The College actively enforces against unlawful practice and use of a reserved title as part of its legislated public protection mandate. The College may take regulatory action against anyone who engages in unlawful practice or use of a reserved title.

Q7: What happens if I miss the March 31, 2025, deadline to renew my Certified Practice (CP) certificate(s) that expire on that date?

If you fail to renew your CP certificate(s) you must cease engaging in the relevant certified practice(s); continuing to perform these activities would constitute <u>unlawful practice</u>. In addition, you must not indicate that you hold the certificate(s) which has/have expired.

Certification reinstatement: April 1, 2025, to April 30, 2025

If you fail to renew your Certified Practice (CP) certificate(s) by March 31, 2025, you may apply to reinstate your certification by April 30, 2025. You must pay a reinstatement fee of \$55 per certificate, in addition to regular certification renewal fees.

Registrants who apply for reinstatement of a CP certificate after March 31, 2025, are not legally entitled to perform the relevant activity(ies) in BC until they receive notification from the College that their application has been approved. Applications for certification reinstatement received after April 30, 2025, will not be accepted. After April 30, 2025, registrants must re-apply for the relevant certification under section 8 of the CHCPBC Bylaws.

Q8: What are the renewal requirements?

The CHCPBC registration and certification renewal requirements are defined in the CHCPBC policy <u>Registration & Certified Practice Certificate Renewal Requirements</u>. Registrants should review this policy in full, and note:

To renew with Full or Conditional registration status, registrants must have the required professional liability insurance in place.

To renew a Certified Practice (CP) certificate that is expiring on March 31, 2025, registrants must provide evidence of meeting the requirement of reporting 4 Continuing Competency Credits (CCCs) applicable to each certificate and a minimum number of practice hours relevant to the area of practice pertaining to that certificate. For those who hold certificates expiring on March 31, 2025, **your practice hours requirement has been prorated to 7 hours**. For all registrants renewing their certificates for the first time, all 7 hours must be in category A (Client Services).

Registrants who first registered or re-registered with the College **on or after April 1, 2024,** must complete both the *Jurisprudence (Revised 2022)* and the *Client Consent* online learning modules to be eligible for renewal.

Registrants with fines and/or levies payable to the College will be unable to renew until they have been paid.

Q9: How do I allocate CCCs to my Certified Practice (CP) certificates?

CCCs are reported in the Registrant Portal. When reporting CCCs, registrants indicate the relevant date of completion, and may assign the CCCs to a CP certificate by using the "Add Credit" or "Edit" function, as follows:

shboard	Continuing Comp	etency Credit					
rsonal Information	Full, Conditional, and Non-pract	ticing registrator with 1 register	ation (reserved title) are see	uired to obtain a	ind report	a minimum of 45 C	ontinuing

Q10: I have more than one certification – what renewal fees will I be charged?

The renewal fee per Certified Practice (CP) certificate is \$115. There is no maximum renewal fee if multiple certificates are renewed.

Q11: What if my employer is paying for my registration renewal?

All registrants are responsible for renewing and paying for their registration online. It is up to the employers and their employees to resolve any reimbursement arrangement.

Q12: I need to obtain my tax/credit card receipt.

Invoices and receipts are available in the Registrant Portal. Log in to the portal and click **"Invoices and Receipts"** in the left-side menu of the Registrant Dashboard. Click "Review" for each invoice and receipt to view detail.

Q13: I received an email reminder from the College – can I check to see if I have renewed my registration or certification?

There are several ways to check your registration and certification renewal status.

If you can see your registration expiry date is "2026-03-31" or your Certified Practice (CP) CP certificate expiry date is "2028-03-31", through any of the <u>Registrant Portal</u> sections in the registrant Dashboard listed below, your renewal has been successful:

- Reserved Titles and Status
- Certificate and Wallet Card under Registration in the left-side menu
- **Public Register Profile** in the left-side menu

Q14: How do I change my contact information?

Pursuant to the CHCPBC Bylaws, it is the responsibility of all registrants to ensure that their registrant profile information is current. Only registrants can update their profile information by logging in Registrant Portal and clicking on **Personal Information** in the left-side menu of the registrant Dashboard:

Q15: What is my Registration Number?

Your registration number is available from the registrant Dashboard of the Registrant Portal.

Q16: How often am I required to apply for a Criminal Records Check (CRC)?

The <u>Criminal Records Review Act</u> requires that all regulated health professionals, including CHCPBC registrants, undergo a criminal record check (CRC). CHCPBC facilitates the CRC on behalf of the Ministry of Public Safety and Solicitor General's Criminal Records Review Program.

A CRC is required at initial registration, and every five (5) years thereafter. Registrants provide their ongoing consent for repeat CRCs during the initial application process. When your CRC is due to expire, you will be required to pay a \$28 CRC fee. CHCPBC is statutorily required to collect this fee on behalf of the Ministry of Public Safety and Solicitor General and does not retain any of these funds.

Q17: I became a CHCPBC registrant within the past 12 months — do I need to renew now?

Yes, the registration year is the same for all registrants. The College's next registration year begins **April 1, 2025, and ends March 31, 2026**. Your initial registration fee was pro-rated and will expire on **March 31, 2025**.
