

Health Profession Corporation Permit Renewal

Corporation Permits - Annual Permits Valid April 1 to March 31

All health profession corporation permits expire on March 31 of each year, regardless of when the application was made. Permits need to be renewed annually. The permit renewal fee is \$120.

As per the College Bylaws, if you wish to continue as a health profession corporation, you must renew your permit on or before March 31.

Only full licensees who have successfully completed their licence renewal can renew their health profession corporation permits.

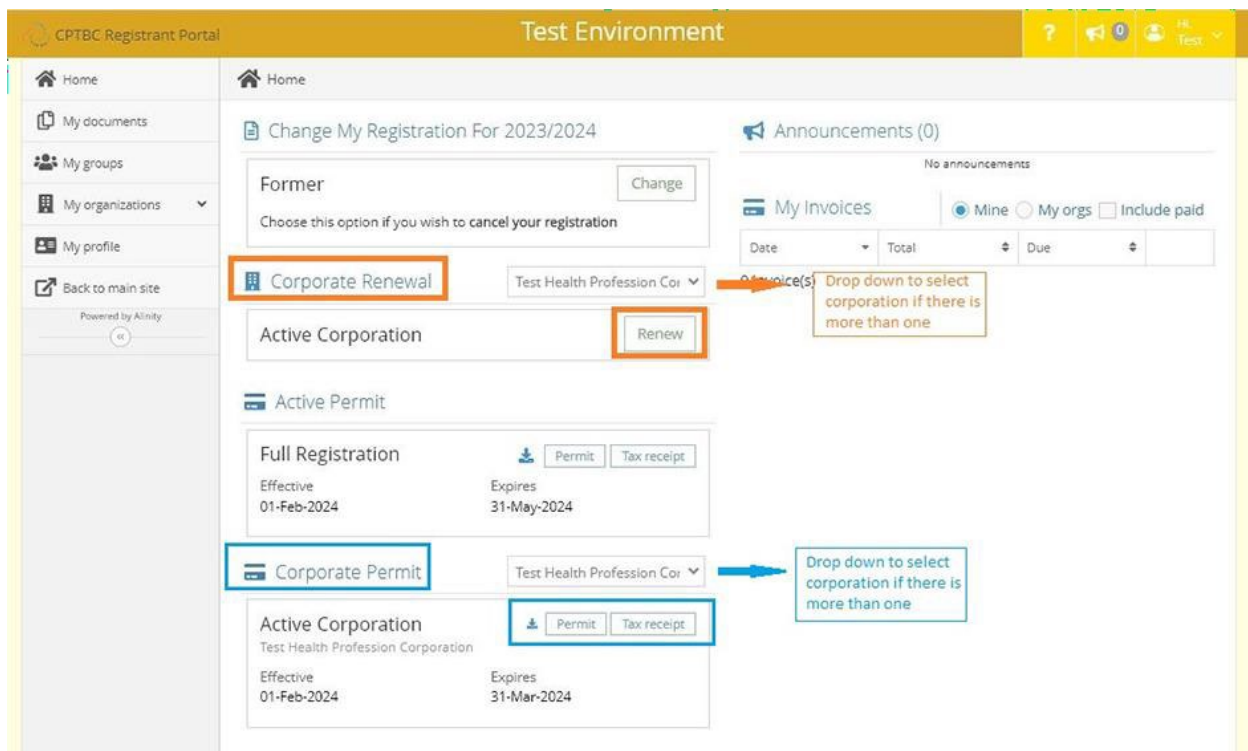

Instructions for permit renewal

Renewal is online and begins in mid-February each year.

If your corporation is owned by more than one licensee, only one (voting) shareholder is required to renew. All owners are responsible for ensuring that they continue to comply with the declaration and acknowledgment statements on the renewal form.

Once renewal begins:

- Login to the CHCPBC [Licensee Portal](#)
- From the homepage, locate Corporate Renewal
- Click on "Renew" and follow the instructions
- If you have more than one health profession corporation, make sure you renew all of them; there is a drop-down list on the top right-hand corner for you to select the corresponding health profession corporation.

- Make sure you know which email address to use to log into the CHCPBC Licensee Portal

What happens if you do not renew

If you do not complete the renewal process by the March 31 deadline, your

health profession corporation permit will be cancelled on April 1.
Cancellation of health profession corporation permit means:

Your corporation(s) is(are) prohibited from carrying on the
business of providing designated health services to the public.

To reinstate your health profession corporation permit up to 30 days
after the renewal deadline (April 1–30), you can complete the
renewal application in the Licensee Portal and pay the late renewal
fee (in addition to your annual permit fee).
