Respondent: Colin Miller
Case ID: 2026-025
Date of Effect: August 7, 2026

Notice of Order

On August 7, 2026, the Deputy Registrar of the College of Health and Care Professionals of BC (“College”) made the Summary Protection Order (“Order”) set out below relating to the Respondent.

Reasons for Order

On February 14, 2026, a complaint (“Complaint”) was made about the Respondent. The Complaint relates specifically to an alleged failure by the Respondent to ensure that ongoing informed consent for treatment was obtained from a minor patient (“Patient”), as well as for the exposure of sensitive areas and the removal of clothing for the purposes of treatment of the Patient.

On review of the Complaint, the Investigation Committee (“Committee”) found that it has reasonable grounds to believe that continued practice of physical therapy by the Respondent absent limits or conditions may present a significant risk of harm to patients.

The Committee has therefore directed the Deputy Registrar to make the Summary Protection Order set out below under sections 226(1)(a) and section 259 of the *Health Professions and Occupations Act*.

Summary Protection Order

Made by the Deputy Registrar of the College of Health and Care Professionals of BC
("CHCPBC")

at the Direction of the Investigation Committee
pursuant to s. 259(1) of the [Health Professions and Occupations Act](#) ("HPOA")

In the matter of a regulatory complaint ("**Complaint**")
concerning Colin Miller, Physical Therapist ("**Respondent**")

It is a temporary, precautionary measure - not a disciplinary finding. The underlying investigation is in progress. The Complaint is currently under investigation and the allegations are unproven.
